EDUCATION

B. A. in Experience Architecture
Michigan State University
2017 - 2019

A. S. in Computer Science
A. S. in Mathematics
Lansing Community College
2014 - 2017

SKILLS

DESIGN & RESEARCH

Graphic Design, Interaction Design, Project Management, Information Architecture, Wireframing, Prototyping, Mockups, Storyboarding, Personas, User Interviews, Surveys, Affinity Mapping, Competitive Analysis, Heuristic Evaluation, Usability Testing, CAD Design, 3D Design

PROGRAMMING

HTML, CSS, JS, PHP, C++

TOOLS

Adobe Photoshop, Adobe Illustrator, Adobe Xd, Adobe InDesign, Adobe After Effect, Figma, Sketch, InVision, Notepad++, Atom, AutoCAD, OnShape

LANGUAGE

English - Fluent
Bahasa Indonesia - Fluent

INTERESTS

Rock Climbing, Hiking, Kayaking, Camping, Graphic Design, Sewing, Art, Crafts, Travel, 3D Printing.

EXPERIENCE

2020 - 2022

Freelance

Pandemic Personal Protective Equipment (PPE) | MI

- In response to the mask shortage during the pandemic, I manufactured and sold protective masks directly to customers across the country.
- I treated customers like family by developing custom-fit masks and masks with a clear panel to enable lip reading for deaf and hard of hearing customers.

SUMMER 2018

Graphic/UX Designer Intern

Springpod | London, United Kingdom

- Created graphics that were used in advertisements sent to potential Springpod users on social media. More than 30k users received these graphics.
- Conducted tests to find design flaws and bugs in the interface. I was able to prevent bugs from being pushed to release and reduce friction on the platform.
- Documented my testing method in a 'testing guidelines' document which is still in use by the Springpod team.

MARCH 2018 - APRIL 2018

Graphic Design Student Employee

Michigan State University | East Lansing, MI

- Designed and created the Senior Showcase for the MSU graduation in 2018.

FEBRUARY 2015 - MAY 2017

Document Processing Student Staff

Lansing Community College | Lansing, MI

- Kept digital records and filed financial aid documents.
- Organized many office events including holiday parties which improved team morale resulting in the fewest call-offs of any semester.
- Tested software updates using my computer science background to ensure the database updates were working correctly.

LEADERSHIP

FALL 2018 - SPRING 2019 MSU XA (*Experience Architecture*) Club - **Board Member**

Was able to help grow the club's attendance by a factor of 2, as the social media manager.

FALL 2016 LCC *Physics and Engineering Club* - **Treasurer**

Was in charge of the club's finances.

SOME PROJECTS

MSU Libraries Beta Search Engine Redesign 2017

Researched, created, and presented improvements that could be made to MSU Libraries website in order to optimize the user experience. Some of my ideas were implemented to the University's Library website which is used by more than 50k students and faculty.

MSU Libraries Digital Repository Website Redesign

Solved an issue facing the MSU Library Repository by first locating user frustration, then simplifying the content structure. I designed a more intuitive structure by reducing the large expanding menu into easy to identify icons and submenus allowing users to quickly locate the information they need without needing to read titles for topics they're not interested in.

Land Grant Goods Style Guide

Researched and developed a comprehensive style guide for the business' brand.
